USRA Insurance Policy For Competitors, Crewmembers & Officials

All competitors, crew members and track officials at any USRA-sanctioned track may purchase a \$100,000 supplemental insurance policy which protects you in the event of an accident to, from or at the race track.

Purchase as many policies as you want for the same low rate.

Available to drivers, crew members and track officials at any USRA-sanctioned track.

Your policy covers you for the entire 2018 season at any USRA-sanctioned track.

\$100,000 OF COVERAGE FOR JUST \$45

When signing up and purchasing this supplemental insurance policy for \$45, you will now be protected at any USRA-sanctioned track for \$100,000 of coverage for each policy you purchase. Purchasing a USRA Competitor License comes with \$100,000 worth of coverage already. Crew members, track officials and even drivers in non-sanctioned classes do not have to purchase a USRA license and will have \$100,000 worth of coverage with this policy. Coverage begins from the time you leave your home until the time you arrive home after the event. This policy provides you with protection that is over and above the track's insurance coverage. There is a deductible of \$10,000 which is typically covered by the track's insurance, then works up to a cap of \$100,000 worth of protection for you.

For just \$45, stay protected at every USRA-sanctioned track during the 2018 season.
